Morton High School, To You We Owe Thanks

Hearing about the events and traditions of Morton High School, we wanted to become a part of them. As entering freshmen, we found that a day without variety is rare.

No single word can adequately describe the unique atmosphere of Morton School. Social, intellectual, individualistic, enthusiastic — Morton is all that and more.

Memories will always linger of those deep searches into the foundations of truth, the fun of dances, the glamour of homecoming, the thrill of winning, the people we met, and the teachers who have become real friends.

How quickly these years have passed, leaving in their paths cherished memories of our years at Morton High School.

With hope that this analysis may bring about a more vivid understanding of the basic elements that constitute MHS, we present the 1959 TOP HAT!

You Have Shown Us . . .

The Value of Knowledge, p. 6

The Satisfaction of Service, p. 20

The Challenge of Competition p. 48

The Fun of Social Life p. 70

The Significance of Friendship p. 86

AS FUTURE VOTERS for United States officials, Betty Zitko and Sam Flitar toil over a section of American Government. They know students must work together intelligently for a better understanding of their world.

YEAR BOOK ADVERTISEMENTS reach Morton students who have not formed buying habits and build good will for the buyers of tomorrow. Joan Brown and Kathy Burdeau are selling an ad to Hill's Hammond Times Agency.

KEN O'NEAL, PRESIDENT of the photo club, is showing members Bill Anderson, Earl Creekmore, John McAleer and Alan Bergman the operation of a camera at a training meeting. These are held every Monday and Wednesday evenings.

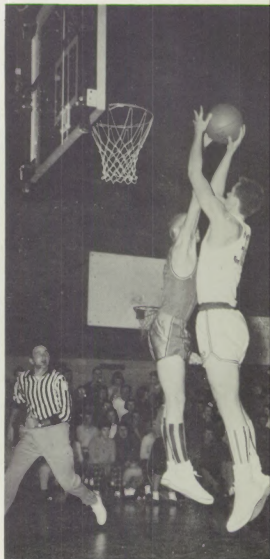

"DON'T CRY; I'll come visit you," says Bill Carney (Laurie) trying to console Pat Dunn (Amy) after she discovers she must stay at her aunt's house. "Little Women" was presented as the 1958 MHS fall play.

WAYNE LEE, CHEERED ON by Morton enthusiasts, tries for a basket. He is blocked by a Chesterton player.

BOOKS ARE THE BEGINNING to a clear perception of truth. Here, in our Morton Library are approximately 4,000 books to aid the students in their quest for knowledge.

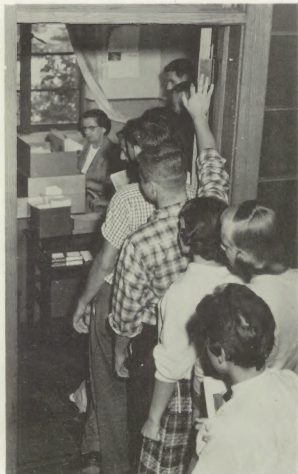

In our rapidly changing world of today, one of our greatest needs is that of citizens trained to carry on the traditions of America's rich heritage. Here at Molton we are offered the beginning of vast opportunities in fields important to future progress. The discovery of informative, amazing worlds of living things, the authors and artists who have enriched humanity, the growth of our world civilization, and the mysteries of modern living all make us more aware of our human potential and of the ways we can fit into life's changing pattern.

As we attend our classes daily we are continually aware of our obligation to hold high the torch of knowledge that will remain the precious occupation of student and teacher alike.

Once Again Resolved: We

WITH EACH NEW SEMESTER, schedule changes are inevitable. Students cluster around senior counsellor Miss Groves' desk to alter their program cards, enabling them to transfer from one class to another.

FREE TIME BEFORE SCHOOL and during lunch hours provides an opportunity for students to gather in friendly "gab sessions."

HISTORY STUDENTS comprehend the fact that what we learn from man's past experiences has double significance when traced beneath the present. Oral recitation gives students an opportunity to develop good speaking techniques as well as absorb subject material, as Ron Anton is doing.

Are Really Going to Study

STUDENTS ARE A GREAT aid to the office personnel, for they are relieved by students who perform routine duties such as making a record of absentees and filling out admits. Roberta McGee and Rita Kovach offer assistance to Dennis Orr, Karen Pitzele, and Bill Banas.

BEFORE AND AFTER SCHOOL this scene in the library is quite normal. Helpers, who put books in their proper places on the shelves and check out books, enable Miss Allman to attend to more complex duties.

SHOUTED GREETINGS, bubbling conversation, and the clicking of locker combinations characterize our halls each day as the semester progresses.

For Some, This Others, The

ANTICIPATION OF A GOOD LUNCH is evident on the faces of these students. Morton students may either buy lunches or bring them to our cafeteria.

STUDENTS NEED NOT WORRY about having proper supplies, for the bookstore is well-stocked with supplies to fulfill almost every need. Judy Kominiak shows a notebook to Leonard Bissa, Martha Wolfe, and Alan Bergman.

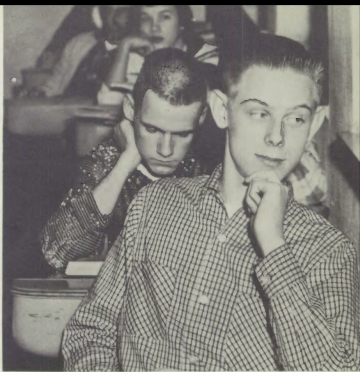

FROM THE FIRST WEEK OF SCHOOL seventh hour is devoted to rigorous drilling and practicing of formations by the band, in preparation for football games.

Comes Easy; For Pull is Hard

The turning of the calendar to September rudely broke the lazy summer silence and once again woke us to the realities of a new term. Gone were the care-free, rollicking days of summer; school had come for another year.

Then started the dreary but not too monotonous days of school life. We attended classes, lab sessions, and lectures that stretched our minds to encompass the most worthwhile thoughts of the past, present, and future. Our thoughts turned to reading, writing, studying, and more studying. Day after day we followed a routine schedule, but with hardly a dull moment. Our lives will always be filled with regimentation, but no doubt the routine of our high school years will be best of all.

WITH SQUADS drilling, bands practicing, and gym classes cheering their teams on, Ed Guzis finds it hard to concentrate in his seventh hour study hall.

IT'S EASY to concentrate on studies and attend to a monitor post as well, so Pat Weiss discovers. Monitors are required to maintain at least a C average.

Challenges of Demand More

As late as 1957 Americans were lulled into a sleepy nonchalance, believing that we were the No. 1 nation of the world. The Russian's launching of Sputnik I, in late 1957, shocked us into the dreadful reality that maybe we were not No. 1 after all—at least not in the field of science. This awakening caused Americans to look to the future and to today's American youth. Science courses were stressed, scholarships were offered, and the vocational field of science was publicized more than ever before. Morton was no exception.

So, because of the accelerated missile and outer-space programs of other nations, the United States has stepped up its program of science study in the high schools; and Morton High will continue to interest its students in the field of science.

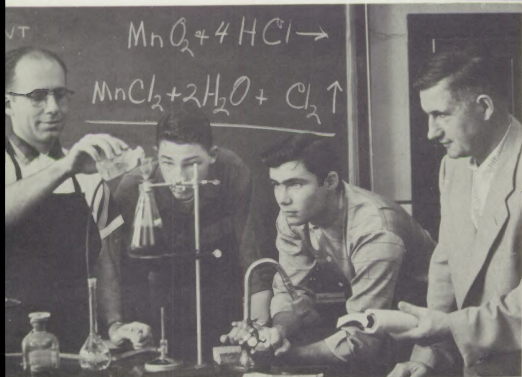

FOR SOPHOMORES spring fever incites "bug" collecting. Brenda Silkwood and Lucian Heacock have just added a Monarch butterfly to their accumulation of insects.

THE KNOWLEDGE OF the functions of the human body is very important to our everyday lives, and we at Morton are fortunate to have our own man of bones and organs, dubbed Hector, to study. Bob Holloway, Mr. Rasmussen, Bobbie Sue Yarbro, and Sharon Mieras are discussing the intricate parts of the human anatomy.

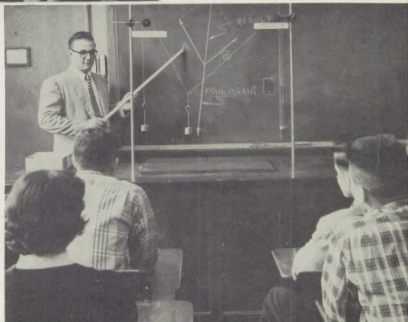

a New Era of Scientists

HEADS OR TAILS? Bill Schmid finds that heads and tails equalize as he demonstrates the law of probability. His science project automatically flips and counts coins.

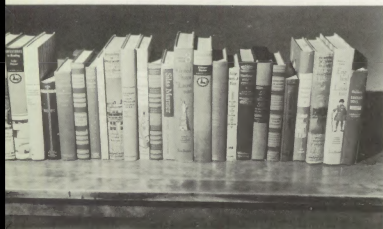

A BOTTLE OF HYDROGEN gas plus a lighted match equals poof! Chemistry can be dangerous, but usually is safe as well as informative. Mr. Wickesham, Richard Austin, Larry Irvin, and Mr. Frazee are attempting to free chlorine gas from its compounds.

EQUILIBRIUM, FORCE A, force B, and either understanding or confusion emerge from Mr. Came's talk on resultant forces. One of the interesting idiosyncrasies evolving from his lectures is, "Will you please pick that up and drag it past again?"

A Welcome Phrase . . .

DURING OUR FOUR-YEAR HIGH SCHOOL PROGRAM, the English Department utilizes these textbooks and novels to broaden literary scopes and impregnate correct grammatical usage into the minds of the student body.

JUDY COTTERELL AND JUNITA BRADY concentrate on the Kuder Preference Test, which, administered annually to juniors, enables students to choose an occupational field suitable to their talents and abilities.

LEONARD KAZCKA'S LUDICROUS SMILE in Miss Davis' English III class proves that English may be fun as well as educational.

English courses enable students to appreciate the strength, dignity, and beauty of the English language. They give each student something to say and the ability to say it clearly and gracefully; they give each student something to hear and open the pathways to the various means of acting upon it.

Four years of English are offered at Morton, with three years required for graduation.

"We Understand"

MISS NARCISI TELLS her Spanish students about the *El Camino Real*, "The Royal Road to Knowledge."

The first year of Latin acquaints the students with the grammatical fundamentals, with emphasis placed on sentence translation and vocabulary study. The second year deals with the translation of historical accounts of Rome.

Spanish students learn customs along with the study of the language. In the first year the emphasis is placed on grammar and vocabulary building. The second year is devoted to translation, and Spanish is spoken entirely in class to give the students practice in Spanish loquacity.

THE WELL-KNOWN "X" helps remind Latin students who refuse to project their voices of the importance of good speech techniques in all classes. Mr. Ruff gives Ruth Luddy the "full penalty" when she couldn't be heard during recitation.

The World of Business is Ever Expanding

LEARNING GOOD CO-ORDINATION of the fingers takes time, as members of the clerical practice class soon discover. Students learn how to operate office machines in this class.

POTENTIAL SECRETARIES need to know the technique of typing for use in future employment. Then they strive to increase both their accuracy and speed. Linda Sain is transcribing a letter she has taken in shorthand.

IN THE SIMULATED ATMOSPHERE of a shoe store, Floyd MacDonald is selling a pair of shoes to Jill Listenberg, while Ken MacDonald looks on. Salesmanship V class presents general merchandising principles as well as teaching students good techniques of buying and selling.

Training For Citizen Responsibility

AROUND THE WORLD in two semesters is the theme of this geography class. Finding that locating places studied makes the course more interesting are Gary Puett, Frank Yates, Ed Heindricks, Sue Krohmann, Marilyn Mayden, and teacher, Mr. Nelson.

IN SOCIOLOGY VIII Mr. Croucher guides students in objective thinking about the relationship of people of all cultures to our society.

THE GOVERNMENT CLASSES spent an afternoon at the City Hall to learn the role of various city departments in relation to the over-all functioning of our city government. Studying a map of the Hammond area are Jerry Francis, Judy Svenning-sen, and Ann Pecelin.

Morton's Varied Curriculum

MUNCHING COOKIES sounds good to Pat Relinski, if she can wait till Marlene Rosek and Bonnie Scheffer finish baking them in Miss Martine's foods class.

WHILE MR. ROBERT FRASER wisely supervises, the lathes turn round and round under the control of the skillful hands of Alvin Travis and Andrew Marlow in shop.

The enticing aroma of appetizing food filters through the hall as home economics students, male and female, learn the basic fundamentals of the preparation of meals. Meanwhile, in the sewing department, girls learn the useful art of making clothes. They begin with elementary patterns and eventually make more difficult garments, including coats and suits. The home management and home nursing courses prepare girls for marriage, presenting the fundamentals of child care and other activities a young homemaker will encounter.

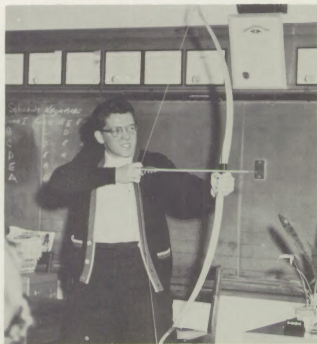

The practical arts department offers courses in mechanical drawing, wood shop, and in job and trades to give students sufficient background knowledge to choose their occupational field in accordance with their abilities and interests.

Provides All-Over Knowledge

ART ISN'T AS EASY as it looks and much time and effort is poured into the aspiration of becoming a good artist. Ed Kliza, Joe Rossi, and Russel Boyle are working on drawings as Mr. Wauro scans their work.

THE BLAZERETTES: accompanist Carole Eichelberger, Milly Tubich, Gail Zea, and Ruth Fisher are the first Morton choral group to have matching outfits. They entertained us at auditorium sessions and concerts, and sang at the senior-faculty banquet.

SPEECH CLASS employs some unusual props, as Ed Johnston illustrates. He is demonstrating the recurve hickory bow.

One of the proud praises told of Morton School is the co-operation and the unity of its student body. Without the unselfish giving of time and the efforts of many students working together, most dreams and ideals would never become real. Here we are given the chance to obtain satisfaction of service through our voluntary organizations which build morale, scholarship, sportsmanship, and offer career guidance. As well as being of service to others, we have fun and recreation in our clubs. Thus they are well-balanced and acutely regarded by all.

We hope to sustain our fine reputation, for we shall forever be indebted to the clubs that have taught us qualities of leadership and service that will be invaluable in our adult lives.

"Will it be a success?" was the prominent question in the minds of the annual personnel. Time and talent were freely given for the anticipated result of a well-formed yearbook.

Judy Thomas and Ken O'Neal attended a journalism institute at Indiana University last summer for two weeks. Here they planned the entire annual, including layouts, copy, and picture ideas.

Deadlines, layouts, and financial blues combined with photographic details and copy worries made time a precious gem.

Occasionally someone ended up in the corner for not completing a job, but co-operation was the key word that kept the wheels turning and the printer on the job.

UNDER THE DIRECTION of Business Manager Sandy Pelhank, these homeroom salesmen handled the sale of all yearbooks. **BACK ROW:** Linda Hart, Linda Klein, Sally McClure, Linda Liming, and Linda Schmitt. **FIFTH ROW:** Judy Baggarly, Diane Smith, Joan Brown, JoAnn Cvitkovich, and Shirley Byrd. **FOURTH ROW:** June Cerneviski, Bernadette Kristoff, Barbara LaBelle, Sherry Wagner, and Virginia Rakos. **THIRD ROW:** Marianne Zlotnik, Sue Dorman, Nancy Hoffman, Karen Burr, and Linda Petreff. **SECOND ROW:** Jill Harris, Sandy Chasteler, Cynthia Ventrella, Sherry Shadoan, and Sherry Pelhank. **FRONT ROW:** Bob Morris, Tim Sockett, Arnold Nemecek, Steve Beison, LeRoy Schmoekel, and Sandy Pelhank.

Morton Band Provides Music

Even before the school year began, Morton's band was representing their school in a fine fashion. During July the members marched in the International Lions Club parade down Michigan Avenue in Chicago and won a first place award at the Riverview Park Mardi Gras.

Their pre-game and half-time shows contributed entertainment and enthusiasm at football games. A change of pace from the football game routines to overtures came in early November at the first of four concerts at which the band was presented. At Christmas they donned ear muffs and overcoats to be the only high school marching band in the Hammond Christmas parade. The band played at the Inauguration Assembly and the State of the Association address.

They made a very good showing at the contest

in South Bend. Many members won individual honors at state solo and ensemble contests. The year ended with an outdoor concert presented the last week of school.

The band this year had approximately eighty members. The clarinet section, which is comparable to the violin section of an orchestra, is the largest section. Other woodwind instruments in the band include the alto, tenor, and baritone saxophones; bass and alto clarinets; the bassoons; the oboe; and the flutes.

The cornets are the largest section in the brass family. Other brass instruments are the trombones, the baritones, the tuba, the sousaphones, and the French horns.

The percussion instruments, which most of us know as the drum section, is very important in setting and keeping correct rhythm.

1959 BAND MEMBERS ARE—BACK ROW: Kaye Owens, Louis, Evanatz, Jim Bline, Bob Morris, Jim Kackley, Frank Yates, Len Gillim, David Matusiak, Ron Winders, Robert Evans, Vernon Arnold, Judi Vezzeau, Sharon McGee, Director John Melton, and Associate Director Glenda Benjamin. **FOURTH ROW:** Linda Martin, Joyce Vargo, Tom Takacs, Fred Schroeder, Cassy Bennett, Judy Potis, Cheryl Bothwell,

MR. FLANSBURG AND RANDY TOMSIC decorate the Christmas tree in our main hall, an annual Student Association project.

Something in the spirit of sportsmanship compels us to keep trying "just a little harder" to cross that line or get that ball; and whether the compelling force is glory, recognition, or merely the thrill of competition, it involves many hours of practice, cooperation, and teamwork by all.

The sharp crack of a gun, the shrill cry of a referee's whistle, and the umpire's words; "play ball" all symbolize the traditions of an athletic event. Vital ingredients for these sports contests are—speculation, suspense, and the eager expectations of a cheering crowd as they pull together to encourage our team on its forward march. Although the MHS scoreboard exhibits winnings only part of the time, we always score high in sportsmanship, teamwork, and school spirit . . . contributed by the players, coaches, and the students of Morton High School.

Gallant Morton Team

"SCATBACK" MARTELL ROYER bursts through defense and stages a spectacular touchdown run.

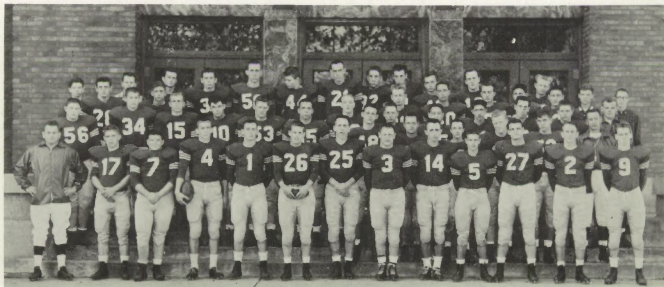

A spirited Morton team fought its way to a 4-5 record this season, twice falling short of making it a winning season. The Governor eleven won their first two games from Clark and Tech by decisive scores of 18-0 and 26-6 respectively. In a rugged game with Thornton Fractional, they failed to make it three in a row by losing a close one 27-20. This was the first of two tight games which they lost. The boys made it 3-1 by defeating Whiting's Oilers 20-13. A four game losing streak was begun by Morton with a crushing 41-13 defeat at the hands of Bishop Noll. A great second-half rally against a strong East Chicago Roosevelt team proved futile, as it fell short for Morton's second straight defeat and second heartbreaker 37-31. With a 3-3 record, our our Governors traveled to Goshen, only to be tripped 21-6. The last of Morton's drubbings came from unbeaten cross-town rival Hammond High. This power-laden team ran up a one-sided 52-7 score. Still licking their wounds, Morton's troubleshooters played the role of spoiler as they ended the season by trouncing a rugged Crown Point eleven 13-0.

Thinlies Show

MARTELL ROYER romps to an easy win in the 880 yard dash during a dual meet with Calumet Township High School. Calumet Township won.

Morton's cindermen, although they had a losing season, had many moments of glory. Three Governors who represented Morton in the Regionals were Martell Royer in the 880 yard dash, Ray White in the shot put, and John Bailor in the mile run.

During the regular season our Governors won only one meet, beating Hammond Clark 60-49. At the Hobart Relays the two mile relay team of Royer, Tomsic, Fisher, and Bailor broke the standing record of 8:51.5 minutes. They covered the two miles in 8:41.7 minutes, almost ten seconds better than the record. The freshmen mile team also set a record in the same meet.

1959 MORTON TRACK TEAM—BACK ROW: Leroy Schmoekel, Lester Barno, Steve Beison, Ed Kliza, Jerry Johnson, Lee Hickman, John Chrisney, Dennis Hepp, Lloyd Lohse, Art Fisher, John

Governors Acquire

A first at Morton since it became a full four year high school is its wrestling team. Under the direction of Coach Gollner our boys compiled a record of four wins and five defeats. Of the five losses, two were by very narrow margins. Though Morton's grapplers started slow, dropping their first three matches, they ended the season with a blaze of glory, winning all three of their final matches. It is predicted that next year the Governor Grapplers, with increased experience, will sail way over the .500 mark.

RUSSELL BOYLE looks for an opening in a meet at Merrillville, which Morton won.

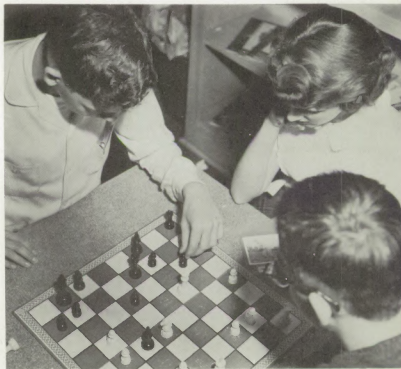

Social life at MHS will remain vividly in the minds of many of us for some years to come. Our achievements reveal the story of gaiety and companionship that will leave a memorable impression upon us forever. The daily routine, continually being broken by some deviation of activity; the parties and dances, at which some of us seem to spend most of our time; the student center; fun night; auditorium sessions; the Washington trip; and the senior play were all bright spots in our lives as students.

Our high school years will be recalled as the happiest of our lives, and we hope to pass along some joy and happiness to the future generations of Morton students.

Morton's Many Varied

MORTONITES spend some of their free time either dancing or watching in the student center, and whatever the activity, there's fun for all. The student center is entirely financed and controlled by the Morton School Student Association.

A BREAK FROM THE ROUTINE of school is provided in the student center where we can dance, watch television, study, play games, or just plain "loaf." Students often spend lunch hours playing table games, and here Bruce Kittell, Flo Hart, and Richard Pollard are intent on a game of chess.

Activities Add to the Whole

MARCH FROLIC, sponsored by the Senior Y-Teens, gave students an opportunity to use their ingenuity. Bob Morris and Maggie Lee appear to be enjoying the dance as two spectators display the latest fashions for tots.

A LITTLE FRENCH CAFE provided an appropriate atmosphere for the dance, **EVENING IN PARIS**, sponsored by the biology club. Mr. Rasmussen acts as waiter to Bill Anderson, Pat Bloom, and Alan Bergman.

MUSIC BY EDDIE SEARS and his band gave students a memorable evening of entertainment at the **Second Annual Inaugural Ball**. The Association adorned the hall with an enormous top hat, a familiar symbol to every Governor.

'Sno School . . . Snow!

SNOW-CLAD evergreens in Morton's courtyard fashioned a dramatic silhouette during the winter's worst snow storm.

For the first time in almost twenty years, Hammond schools were closed because of snow. A winter blizzard left many an awesome and breath-taking scene.

At school the panorama of a sculptured snowcase was captured in all its radiant beauty and elegance. Forms and shapes intricate patterns and designs, clothed in a blanket of snow, dominated the landscape. Looking upon this winter wonderland, one could visualize perfection, for each snow scene created a unique pattern!

Lots of Work, But Loads of Fun

POPCORN, PEANUTS, AND PIGSKIN PASSES add up to enjoyment at football games. Jim Hayden is distributing popcorn at a concession stand.

THE 1959 MORTON SCHOOL MARDI GRAS started with a cafeteria-style dinner, and everyone enjoyed the many games and contests of the evening. Martell Royer and Bonnie Scheffer were crowned King and Queen of the Mardi Gras at the talent show. A dance in the gym provided a memorable finale for the occasion. At left are Terry Gaughan, Diane Bradford, and Larry Overstreet constructing props for the fish pond.

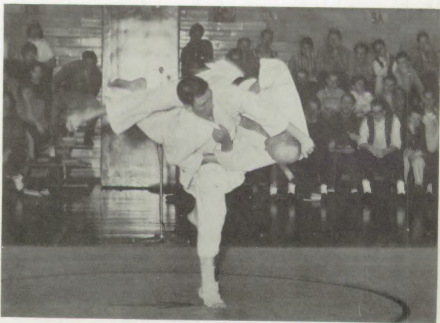

Auditorium Sessions

WITH A HOST of colorful, hand-made costumes and European folk songs, Bob and Carlyn Galati present a spectacular assembly program by demonstrating various national dances.

"HURRY, HURRY, HURRY!" Get your '59 Top Hat!" bellows out Joe Harrison, promoting the sale of the 1959 TOP HAT during a pre-program advertisement.

THE GYM FLOOR becomes the center of attraction as expert John Stevens and his assistant give an intriguing exhibition of judo.

Broaden Interests

CHUCK PAREE LEAPS into the arms of Bill Luchene as Sue Franklin parades across the stage to the music of *There Were Eight Young Men*. The choir presented a parade of talent during an entertaining program in the auditorium.

PRESIDENT MARK MATOVINA is inducting Martha Williams into the National Honor Society in the spring ceremonial held in the auditorium. Students are encouraged to maintain a well-rounded personality as well as good scholarship by the impressive program.

THE SOCIAL STUDIES DEPARTMENT presented a citizenship program "American Youth on Trial." Roberta Smith is trying to talk Sally Bartos into going to the beach instead of church.

Joy Became Tears at Sectionals

THE "BIG AND LITTLE GOVERNORS" get acquainted before the start of the sectionals.

Morton students made a good showing at the forty-eighth annual IHSAA sectional basketball tournament by donning red and white to form a colorful cheering block around an M made of athletes wearing their sweaters. Mums were provided the students by the Booster Club. Bob Hays, our "little Governor," and Dennis Orr, our "Big Governor," welcomed the team in the true Morton spirit and helped cheer them to victory and gayety during the Tech game. The final score was 79-61.

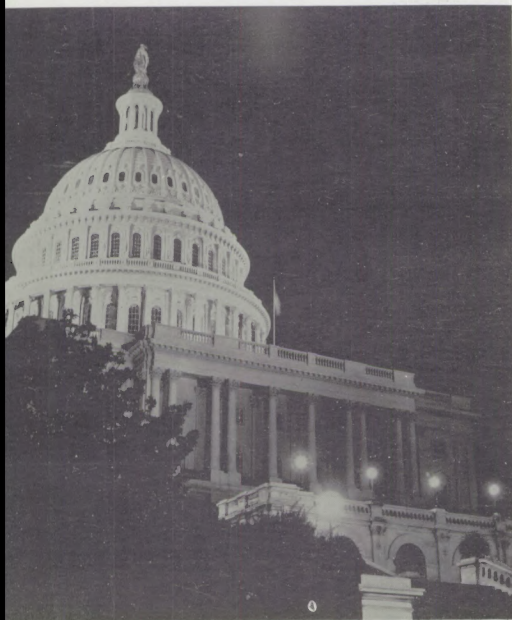

EXPRESSIONS OF JOY were evident after the Tech game, but turned to tears after a loss in a close game against the Griffith Panthers.

A PEP-O-METER recorded our cheering as we "made the rafters ring" with sectional anticipation.

A Lot Was Crammed Into Six Short Days

DEPICTING THE SPLENDOR and magnificence of the American way, the Capitol Building in Washington, D.C., stands boldly and mightily, illuminated in the night. Morton students learned that the flag always flies atop the Capitol Building, even at night and through storms, symbolizing the undying ideals of the freedom that we possess.

ON THE ANNUAL trip to our nation's capitol, which juniors and seniors enjoy, Judy Marley tests and old pillory that was used in colonial Williamsburg for punishing citizens guilty of misdeemeanors.

Spotlight On . . .

"Little Women"

JO (SALOME BARTOS) REJOICES over Beth's (Linda Hart) apparent recovery from scarlet fever. Beth's death leaves a morose dejection upon Jo as the play progresses.

The March family — proper Meg, tomboy Jo, helpful Beth, artistic Amy, understanding Marmee, and philosophical Father — were portrayed in the fall play "Little Women". The joys and sorrows of the family are shared by Laurie, the boy next door. Crusty Grandfather Laurence is won over by Beth, to whom he becomes "guardian angel". Laurie's tutor, John Brooke, falls in love with Meg, but without the aid of crochety Aunt March he might never have won her. The rehearsal for the Christmas play, Beth's death scene, Professor Bhaer's proposal under the umbrella all combined to produce a story that was vivid and alive. The twins, Daisy and Dennis, contributed to the action!

"TWINS, BY JUPITER" Take 'em quick, somebody, or I shall drop them," exclaims Lorrie (Bill Carney) in the fall play. Meg (Sarah Skelton) comes to the rescue as Amy (Pat Dunn) and John Brooks (Sam Flitar) express only open-mouthed apprehension.

Seniors Present . . .

"The Thirteenth Chair"

HELEN O'NEILL (Kathy Hindmarch) appears to be on trial, as Rosalie LaGrange (Salome Bartos) and Will Crosby (Bill Carney) try to influence the opinion of Inspector Donahue (Steve Hawkins). Helen is unwillingly restrained by Sergeant Doolan (Jim Soltau) and Sergeant Dunn (Andy Marek).

The mystery production, *The Thirteenth Chair*, was one of the highlights of the year for seniors, who worked diligently to make the play a thriller.

Twelve members of a dinner party became involved in a mystic seance, over which Madam Rosalie LaGrange (Salome Bartos), the thirteenth member of the group, presided. One of the guests, Edward Wales (Stan Batwinski), was murdered.

Inspector Tim Donahue (Steve Hawkins) arrived on the scene and was informed that all doors and windows were locked; one of the twelve people present was the murderer. Through a tense, uneasy sequence of events, Inspector Donahue concluded that Helen O'Neill (Kathy Hindmarch) was the murderess.

Feeling that Miss O'Neill was unjustly accused, Will Crosby (Bill Carney) and Madame LaGrange set out to discover the real murderer. By playing upon fears and superstitions through mystic tricks Madame LaGrange uncovered the real murderer, Philip Mason (Bill Papler).

INSIDE LOCKED DOORS medium Rosalie LaGrange (Salome Bartos) conducts a seance as the dinner party guests await the arrival of the spirits.

Spotlight On "Snowflake Fantasy"

ON THE SNOW-FLAKE DECORATED STAGE in St. Michael's Hall, Paul Louise and his band provide wonderful dancing music for the Winter Formal.

"Snowflake Fantasy" was the theme of the Winter Formal, held at St. Michael's Hall on January 17, 1959. Students swirled under a canopy of twinkling blue lights and silvery snowflakes. Tables were decorated with miniature snowmen, and ornamented trees provided the setting for couples who wanted photographs as a token of a memorable evening. The decorations were so impressive that they were used by two other groups for parties. Everyone who attended will always remember the wonderful winter night for dancing.

MRS. BONEBRAKE, one of the sponsors of the senior class, conducts the Grand March, in which all the couples participated.

Juniors Present "Isle of Dreams"

SWIRLING AMIDST PALM TREES. beneath billowy clouds, couples are enchanted with the south sea island atmosphere. Yards of net and tiers of lace adorn the girls, while white tux coats add elegance to the gentlemen.

ATTIRED IN FLOWERY SARONGS and colorful leis, Georgean Eichelberger, Mary Rosenswank, and Suzanne Pop pose at the brink of the waterfall, the center of the south-sea island atmosphere.

COMPLETELY INDUCED by the hypnotic suggestions of Dr. Morton Greene, Dennis Orr, Bob Russell, and Richard Florence react to an emotional movie at the after-prom party.

An enchanting "Isle of Dreams" was presented by the junior class on May 16, at St. Michael's Ukranian Hall.

Lazy blue clouds looked down upon a misty blue island pool surrounded by palm trees. Boys in white or blue jackets and girls in formals of all colors danced to the music of Johnny Nowland and his band.

The after-prom party, "Dreams and Memories", was held at the Woodmar Country Club. The Diplomats provided dancing music. Tables were adorned with red tea roses. After dinner impressionist Gloria Alton presented some humorous impersonations. Dr. Morton Greene, in concluding the entertainment, used Morton students in a fascinating explanation and exhibition of hypnotism.

At the evening's end everyone attending was happy with lingering memories of the "Isle of Dreams."

Our Last Weeks Came All To Soon

Climaxing four eventful high school years, the seniors designated the last week to fun and frolicking. Sun glasses and flashy clothes were worn on Monday. Tuesday kept the girls "hopping" to open doors for the fellows in observance of girls' courtesy day, and co-operation was inevitable because it was also silence day. Short white skirts and navy blouses adorned the girls on Wednesday, while the boys wore navy slacks and white shirts in observance of senior cord day. On Thursday the seniors took their final examinations. Friday the senior class presented their farewell assembly and donated a silver crown to be worn by the successive homecoming queens.

Our last week came all too soon, and with mixed emotions the seniors marched from the auditorium to a final day of high school classes. The end of a memorable year drew rapidly to a close, and another class moved on to greater heights on the ladder of success.

"MY MOM TOLD ME to ask you to the prom," states Salome Bartos as she depicts a boy in short pants in her humorous interpretation entitled, "My Place in Society."

GIRLS' COURTESY DAY "paid off" for Dennis Churilla and Jim Arcella, although Carole Eichelberger isn't too happy with her delegated task. Since it is also senior silence day, however, she has to contend with the situation.

The Senior-Faculty Banquet of 1959 was held April 8 at Teibel's restaurant. Each table was decorated with a candle and a Japanese fan, and at the speakers' table was a centerpiece of gold chrysanthemums. Mr. R. B. Miller, of the school board, was guest speaker of the evening. After-dinner entertainment was presented by members of the senior class. The Blazerettes, the senior girls' trio, sang two numbers, followed by a clarinet duet with Sarah Skelton and Janet Baker. A humorous excerpt titled "My Place in Society" was presented by Salome Bartos. A touch of humor was then added by fortune cookies, which predicted the future of some of the seniors. Later in the evening an oriental dance was presented by Pat Bloom and Linda Johnson.

Seniors Ascend the Ladder of Success

With tears in their eyes and pride in their hearts, 183 seniors received their diplomas at the commencement exercises on June 9. For some it meant the beginning of future vocational training; for others it meant marriage or a career.

As the seniors thought back to the gaiety, companionship, and educational opportunities of their high school years, they found memories that they shall carry with them for many years to come.

As graduates they will always cherish those memorable moments; but they realize that greater challenges lay ahead, challenges for which they were adequately prepared by the students, teachers, and administrators of M.H.S.

In Memoriam

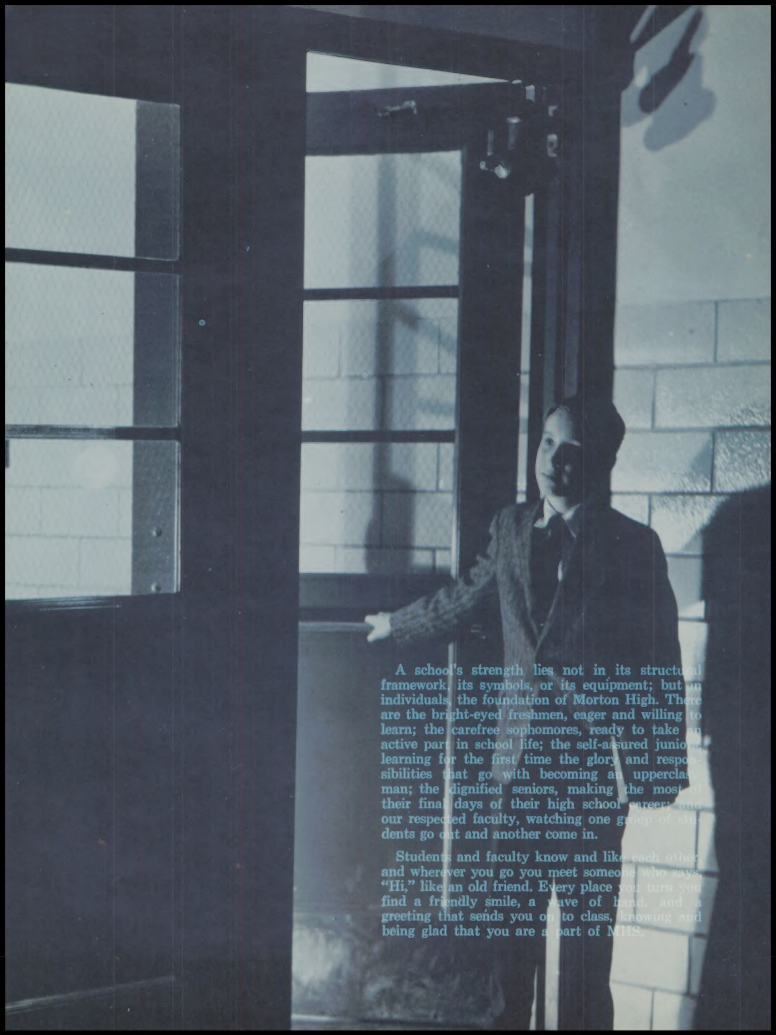

Flags were flown at half mast for four days when Superintendent of Schools Lee L. Caldwell passed away on June 1.

As Hammond expanded the many complex problems of school administration have grown more intense. Through these years of growth, Mr. Caldwell continued to devote his life to the building and expanding of our educational system.

Many of us lost a close friend; all of us lost a leader to whom we could look for guidance and friendship. He possessed the dignity of a man of high esteem. We who remain to remember him are proud to recall the story of his success and to say, "He was truly a great man."

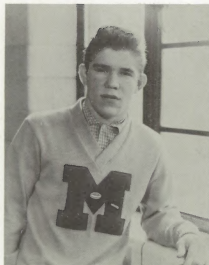

A school's strength lies not in its structural framework, its symbols, or its equipment; but in individuals, the foundation of Morton High. There are the bright-eyed freshmen, eager and willing to learn; the carefree sophomores, ready to take an active part in school life; the self-assured juniors, learning for the first time the glory and responsibilities that go with becoming an upperclassman; the dignified seniors, making the most of their final days of their high school career; and our respected faculty, watching one group of students go out and another come in.

Students and faculty know and like each other, and wherever you go you meet someone who says, "Hi," like an old friend. Every place you turn you find a friendly smile, a wave of hand, and a greeting that sends you on to class, knowing and being glad that you are a part of MHS.

THIS YEAR'S JUNIOR CLASS OFFICERS are Secretary-Treasurer Carol Pop, President Nancy Feldt, and Vice President David Wollin.

The JUNIOR CLASS launched their first year as upperclassmen with a ribbon sale that netted over one thousand dollars. This campaign served to finance the Junior-Senior Prom, *Isle of Dreams*, which was presented as a far-off island of happiness.

Students in Composition V class discovered latent potential talents as a result of the annual Kudar Preference Test. This test was a deciding factor in planning future careers.

The juniors really sensed the prestige of being upperclassmen when their class rings arrived, and visions of their senior year served to enliven everyone as Father Time marched on.

Sophomores Climb the Ladder of Personal Development

In the second year of their high school careers, sophomores are no longer the "bottom men on the totem pole". Being able to "boss" the freshmen gives them a feeling of distinction, but they are still friendly and helpful to all who seek their aid or advice.

As the year progresses, their lives are brightened by the appearance of new friends, new faces and fun. They look forward to daily classes where current events and happenings are discussed.

New sophomores become accustomed to classes, and school life becomes "second nature" to them. The monotony of study is broken by social life. Fun and merriment are first on the agenda of dances, sports, and interesting club activities, making the sophomore year an important milestone in the student's journey through high school.

Some decisions must be made rapidly, with no time to gather one's thoughts or ponder the matter. Unfortunately, this is not true about spending money. One has the help of printed advertisements to aid in forming opinions. If the advertisement of a merchant is interesting, you can read it at leisure and give it your undivided attention. Then, if you feel the copy merits some thought, you may want to think it over. Your decision may be to patronize that merchant.

You always have the printed promise of the merchant to back you up; the merchant can't let you down. Advertisements help you to save time and money and are an important part of the free enterprise found only in a free country such as the United States.

what's
their
future

The young people you see in these pictures are all on their way to successful careers in one of America's basic industries . . . steel. They decided (as we hope you will decide) to let Inland Steel Company help them plan their future.

Some are gaining knowledge and experience in special trades to become journeyman machinists, carpenters or electricians . . . some are concentrating on certain phases of steelmaking by working in the open hearth shops, the cold rolling mills or the galvanizing lines. Still others are working in laboratories building

a sound foundation for a future in steel research.

Inland offers the high school graduate an excellent opportunity to further his education. Employees may participate in a variety of on-the-job training programs, or they can continue their formal education by registering for evening courses offered by local Purdue and Indiana University Extension Centers.

Plan now to investigate the unlimited opportunities for you in steel . . . with the midwest's own steel company . . . INLAND STEEL.

TOP HAT

A record of your High School career

Edited by your High School classmates

About the Top Hat

Dear Reader:

"Time waits for no man," and so it was with our senior year. Time has forced an end to the all too short senior year of the Class of 1959, leaving us filled with knowledge of people and things and taking us on to broader fields.

I have been privileged this year to represent you, the students, in the formation of a visible evidence of the wealth of experiences we have gained at MHS. I, however, could not have accomplished this task alone.

Realizing that effective publication requires co-operative effort, the annual staff worked unceasingly to produce a bigger, better yearbook, even coming to school on Saturdays, during holidays, and during the days that school was closed because of snow.

The advertising salesmen sold over \$2,000 worth of ads, enabling us to have a \$4,800 budget. Miss Lynda Mertz kept all financial records for the yearbook, and the homeroom salesmen sold 140 more yearbooks than last year.

The Photo Club, under the direction of J. H. Rasmussen, made most of the pictures for the TOP HAT, and was on hand at every scholastic, athletic, and social event.

Our printer, Emerson DeLaney, permitted us to send in our pictures just a week before our book was distributed, so that we could include commencement and still deliver the TOP HAT on the last day of school.

Mrs. Helen Stock was always ready to give us advice about copy, pictures, layouts, and finances. She was more than an advisor; she has become a true friend to each of us.

To those I have mentioned, and to all the other innumerable people who have helped make the 1959 TOP HAT a success, I would like to extend my deepest appreciation for your services and most profound congratulations for your achievements.

Sincerely yours,

Editor-in-chief
